This is what I have from the Administrative record:

9/20/83 To: Margaret Kolar, US Fish Elmer Shannon, From: USEPA Response to 8/19/83 letter providing comments. Attached: Portion of a FWS letter including Recommended Fish and Wildlife Service procedures for ESA compliance with Michigan program.

So, I guess FWS recommended procedures that were incorporated into the program description.

The screening procedures for individual species have come more recently and has been pretty informal. EGLE drafts the document and FWS forwarded them to us.
